

Leopoldo J. Cabassa, Ph.D., M.S.W
Curriculum Vitae
- As of July 2021 -

PERSONAL DATA

Place of Birth: San German, Puerto Rico
Office Address: George Warren Brown School of Social Work
Washington University in St. Louis
Campus Box 1196, One Brookings Drive
St. Louis, MO 63130-4899
Telephone: 314-935-2829
E-mail: ljcabassa@wustl.edu

EDUCATION

May 1998	B. A. Washington University in St. Louis, St. Louis, MO. Major: Psychology and Spanish
May 2001	M. S. W. George Warren Brown School of Social Work, Washington University, St. Louis, MO. Concentration: Mental Health Specialization: Research
August 2005	Ph. D. George Warren Brown School of Social Work, Washington University, St. Louis, MO.
June 2005 ~ May 2006	Postdoctoral Fellowship School of Social Work, University of Southern California, Los Angeles, CA

EMPLOYMENT AND POSITIONS

1995 ~ 1998	Spanish Lab Instructor , Department of Romance Languages and Literatures, Washington University, St. Louis MO.
2002 ~ 2003	Teaching Assistant , George Warren Brown School of Social Work Washington University, St. Louis MO.
2002 ~ 2005	Part-time Faculty Advisor for MSW students , George Warren Brown School of Social Work, Washington University, St. Louis MO.
2004 ~ 2005	Teaching Fellow , George Warren Brown School of Social Work, Washington University, St. Louis MO.
2006 ~ 2009	Assistant Professor (Tenure Track) , School of Social Work, University of Southern California, Los Angeles, CA
2007 ~ 2009	Assistant Professor , Department of Psychiatry and Behavioral Sciences, Keck School of Medicine, University of Southern California, Los Angeles, CA.
2009 ~ 2012	Research Scientist V , Research Foundation for Mental Hygiene, New York, NY.
2009 ~ 2016	Assistant Professor of Clinical Psychiatric Social Work (in Psychiatry) , Department of Psychiatry, College of Physicians and Surgeons, Columbia University, New York, NY
2009 ~ 2017	Assistant Director, Center of Excellence for Cultural Competence , New York State Psychiatric Institute, New York, NY.
2012 ~ 2014	Assistant Professor (Tenure Track) , School of Social Work, Columbia University, New York, NY
2014 ~ 2017	Associate Professor (Tenure Track) , School of Social Work, Columbia University, New York, NY
2017 ~ 2021	Associate Professor (Tenure) , George Warren Brown School of Social Work, Washington University in St. Louis, St. Louis MO.
2019 ~ Present	Co-Director , Center for Mental Health Services Research, Brown School at Washington

- University in St. Louis, St. Louis, MO.
- 2020 ~ Present **Faculty Scholar**, Institute for Public Health, Washington University in St. Louis, MO
- 2020 ~ Present **Faculty Affiliate**, Center for the Study of Race, Ethnicity & Equity, Washington University in St. Louis, MO
- 2021 ~ Present **Professor (Tenure)**, George Warren Brown School of Social Work, Washington University in St. Louis, St. Louis MO.
- 2021 ~ Present **Director**, Social Work PhD Program, George Warren Brown School of Social Work, Washington University in St. Louis, St. Louis MO.

HONORS AND AWARDS

- 1997 Dean's List, Washington University in St. Louis, St. Louis, MO
- 2008 Fellow, OBSSR NIH Summer Institute on the Design and Conduct of Randomized Clinical Trials Involving Behavioral Interventions
- 2011-2012 Fellow, NIH Implementation Research Institute, Center for Mental Health Services Research, Washington University in St. Louis, St. Louis, MO
- 2013-2015 Elected Board Member, American Society of Hispanic Psychiatry
- 2013 Honoree, Leadership Award, Latino Social Work Task Force, National Association of Social Work, New York City Chapter, New York, NY
- 2014 Awardee, Team Science Award (Community Partners in Care), Association for Clinical and Translational Science
- 2015 ~ Present Fellow, Society for Social Work and Research
- 2015 Outstanding New Investigator Award, Society for Implementation Research Collaboration (SIRC), Seattle, WA
- 2016 Fellow, New York Academy of Medicine, New York, NY
- 2016 Lydia Rapoport Visiting Professor, Smith College: School for Social Work, Northampton, MA

RESEARCH AREAS

Racial and ethnic disparities in health and mental health care, implementation science, integration of physical and mental health services, physical health of people with serious mental illness, stigma toward mental illness in the Latino community, intervention research, and community-based participatory research.

RESEARCH EXPERIENCES

Active Research Support

National Institute of Mental Health

Dates: 06/01/2021 ~ 03/31/2026

Implementation Research Institute for Mental Health Services (IRI-MHS) (2R25MH 080916-11; PI: Proctor)

This proposed R25 mentoring network will continue the IRI (NIMH R25 funding 2021-2026) and extend its reach and sustainment in bold new ways. To ensure vitality and extend sustainment, we propose to elevate a new cohort of core faculty designees to leadership roles in mentoring. This work builds upon our team's long expertise in implementation science, lessons we have learned about mentoring, and our recognition of challenges in the NIH research pipeline. The IRI will support six new implementation research fellows annually, with each fellow appointed for two years. To date, this R25 has successfully trained 87 new mental health implementation researchers.

Support: \$200,000

Role: Co-Investigator (Core Faculty)

National Institute of Mental Health

Dates: 8/18/2020 - 7/31/2022

Adapting Coordinated Specialty Care in the Post COVID-19 Era (3R01MH120597-02S1; PI: Dixon & Humensky)

This project will examine the implications of modifications to service delivery within the OnTrackNY LHS during and after the COVID-19 crisis. The goal is to develop a CSC Model Adaptation Guide that will be fidelity-consistent, and associated with consistent engagement, service utilization or favorable outcomes of care.

Support: \$203,673

Role: Co-Investigator (Subaward Principal Investigator)

National Institute of Mental Health

Dates: 08/01/95 – 06/30/25

Brown School Training Program in Mental Health Services Research (2T32MH019960-26; PI: Cabassa)

This T32 training program will prepare pre- and post-doctoral trainees to acquire advanced mental health services research skills to address challenges faced by the most vulnerable populations in our nation. Specifically, persons living with mental disorders who seek care at the intersection of multiple services sectors (e.g., specialty care, social services, schools) experience high needs for care, and are the least likely to secure needed services or to obtain high quality care. The overall mission of our program is for our trainees to acquire mental health services research knowledge and skills to meet the most pressing needs in the field of social work and to advance the public health significance and impact of NIMH-services research.

Support: \$418,500

Role: Principal Investigator

National Institute of Diabetes and Digestive and Kidney Diseases

Dates: 02/06/2020– 12/31/2023

Mentored Education for Dissemination and Implementation Science (MEDIS) Program (R25DK123008; MPIs: Haire-Joshu/Brownson)

This project uses an innovative educational program, entitled “Institute for Implementation Science Scholars (IS-2)” (*formerly MEDIS*) which provides researchers with advanced training in D&I competencies in obesity and diabetes research through a 5-day Summer course offered annually.

Support: \$177,528

Role: Co-Investigator (Core Faculty)

National Institute of Mental Health

Dates: 08/01/19 – 07/30/24

OnTrackNY's Learning Healthcare System (R01MH120597; PI: Dixon)

The OnTrackNY LHS goal is to enhance two critical foundational components: 1) effective and timely inclusion of stakeholders’ voice, and 2) to develop a “Big Data” system with standardized data collection and collection of post-discharge data that will allow for client-level treatment planning and prospective analytics, thus delivering real time, dynamic and actionable information to stakeholders.

Support: \$1,058,758

Role: Co-Investigator

National Institute of Mental Health

Dates: 08/07/18 – 06/30/23

On Track Chile For First Episode Psychosis (R01MH115502: Contact PI Alvarado)

The overarching goal of this project is to address the shortfall in evidence-based practices for first episode psychosis (FEP) in Chile by first adapting OnTrackChile (OTCH) from OnTrackNY (OTNY), a coordinated specialty care program for FEP currently being implemented across the US, and then implementing and evaluating OTCH on a wide scale.

Support: \$2,901,641

Role: Co-Principal Investigator

National Institute of Mental Health

Dates: 04/01/18 – 02/28/22

Optimizing and Personalizing Interventions for Schizophrenia Across the Lifespan (OPAL) (P50MH115843; PI Stroup)

The goal of OPAL is to accelerate the adaptation, development and implementation of effective, personalized treatments in real-world settings by creating an infrastructure that supports research that tests innovative ways to optimize treatments for people with schizophrenia throughout the lifespan and that accelerates the translation of clinical research on schizophrenia to routine practice settings, conducting exploratory and pilot projects that develop, adapt, and test innovative methods to personalize treatments for schizophrenia and to make them effective and readily deployable, and training scientists who will conduct translational research on services and treatments for persons with schizophrenia.

Support: \$37,305 (Subcontract)

Role: Principal Investigator of Subcontract (Co-Leader of Methods Core)

Substance Abuse and Mental Health Services Administration

Dates: 09/30/2016 ~ 09/30/2020

Integrated Healthcare + Housing (1H79SM062310-01; PI: Weinstein)

The overall goal of this service transformation project is to improve the health and healthcare of people with experiences of serious mental illness and homelessness through the provision of integrated health care services within a Housing First model.

Support: \$1,553,191

Role: Consultant

Completed Research Support

National Institute of Mental Health

Dates: 07/14/2014 ~ 05/31/2021

Peer-led Healthy Lifestyle Program in Supportive Housing (1R01MH104574-01)

The overall goals of this study are to test the effectiveness and examine the implementation of a peer-led healthy lifestyle intervention (PGLB) in supportive housing agencies serving diverse clients with serious mental illness (SMI) who are overweight or obese

Support: \$3,354,903

Role: Principal Investigator

Institute for Public Health, Center for Dissemination and Implementation, Washington University in St. Louis

Dates: 07/01/2020 ~ 06/30/2021

Using a Matrixed Multiple Case Study Design to Develop Implementation Strategies (CDI Pilot Grant; PI; Cabassa)

This CDI pilot study uses an innovative mixed method approach to conduct secondary analyses of data from an existing trial examining the effectiveness and implementation of a peer-led healthy lifestyle intervention for people with SMI living in supportive housing. The goals of this study are to identify factors associated with the successful implementation and outcomes of this peer-led intervention and uses this information to develop implementation strategies.

Support: \$30,000

Role: Principal Investigator

National Institute on Minority Health and Health Disparities**Dates:** 07/24/2015 ~ 06/30/2019**METRIC: Measurement, Education and Tracking in Integrated Care: Strategies to Increase Patient Engagement and Reduce Mental Health Disparities among Hispanics (R15MD010220-01; PI Killian)**

The proposed study seeks to establish the feasibility of universal screening for depression in an adult primary care safety net setting, measure the effectiveness of a culturally appropriate depression fotonovela intervention to reduce stigma and increase uptake in depression treatment, and implement a Measurement-Based Integrated Care (MBIC) model with collaborative, multi-disciplinary treatment and care management intervention.

Support: \$395,467**Role:** Consultant**National Institute of Mental Health****Dates:** 03/17/2011 – 01/31/2017**Implementing Health Care Interventions for Hispanics with Serious Mental Illness (K01 MH091118-01A1)**

The objective of this Mentored Research Scientist Development Award (K01) is to prepare the candidate to become an independent investigator in implementation research to address the disparities in physical health care faced by underserved minorities with SMI. The research plan uses a collaborative intervention planning framework that blends principles of community-based participatory research and intervention mapping to modify and assess the feasibility and acceptability of an existing care manager intervention for outpatient public mental health clinics.

Support: \$927,479**Role:** Principal Investigator**New York State Office of Mental Health Policy Scholar****Dates:** 05/01/2009 ~ 04/31/2010**Development of a Mental Health Literacy Program for Hispanics with Limited English Proficiency**

The goal of this pilot study was to support early program development of a one-session peer-to-peer mental health literacy intervention tailored for Hispanic adults with serious mental illness and limited English proficiency who seek outpatient mental health services at OMH facilities.

Support: \$10,367**Role:** Principal Investigator**National Institute of Mental Health****Dates:** 03/03/05 ~ 02/28/10**Sociocultural Processes in Latina Teen Suicide Attempts (R01 MH07068901 A1; PI: Zayas)**

The study uses a mix of qualitative and quantitative methods to (1) explore the phenomenology of the suicide attempts from the girls' perspective (e.g., antecedent distress, crisis events, subjective experience); (2) explore parents' understandings of their daughters' suicide attempts (including their hypotheses about preceding crisis events and daughters' motivations); and (3) examine the familial, developmental, and sociocultural experiences that distinguish adolescent Latina attempters and their parents from non-attempters and their parents.

Support: \$1,930,633**Role:** Consultant**National Institute on Minority Health and Health Disparities****Dates:** 07/01/2006-06/30/2009

Improving Depression Treatments for Hispanics with Limited English Proficiency (L60 MD001850-02: NIH Loan Repayment Program)

The specific aims of this project are to (1) examine how attitudes toward depression treatments, perceptions of depression, and stigma prospectively impact Hispanics with LEP retention in depression treatment; (2) begin developing a treatment manual and patient educational materials for a brief culturally-tailored psychoeducational program for Hispanics with depression who receive services in primary care settings; and (3) prepare and submit a proposal for federal funding to further develop and test this intervention.

Support: \$40,987

Role: Principal Investigator

National Institute of Mental Health

Dates: 02/01/2005 ~ 01/31/2009

Minority Supplement to the Multifaceted Depression Diabetes program for Hispanics (R01 MH68468-01A2; PI:EI)

The aim of this supplement is to provide Dr. Cabassa the opportunity to expand his expertise in intervention research in a mentored environment by learning how to apply qualitative methods to understand the treatment processes involved in an intervention study of low-income Hispanics with depression and diabetes.

Support: \$257,984

Role: Principal Investigator

University of Southern California Neighborhood Outreach Grant

Dates: 07/01/2007 ~ 06/30/2008

Depression *Fotonovela*: A health education tool for low literacy, low income Latino Population (PI: Baron)

This project seeks to develop an effective health communication tool to increase knowledge of depression among low income, low literacy Latino families in the neighborhoods surrounding the University Park Campus and the Health Sciences Campus of USC.

Support: \$32,000

Role: Consultant

University of Southern California, School of Social Work Larson Endowment

Dates: 07/01/2006 ~ 06/31/2007

Latinos' Illness Representations of Depression

The aims of this pilot study are (1) to examine the psychometric properties and factor structure of the Illness Perception Questionnaire adapted for Latinos with depression; (2) to describe Latinos' illness representations of depression using a mix of qualitative and quantitative data; and (3) to explore the relationship between patients' treatment preferences and representations of depression.

Support: \$36,000

Role: Principal Investigator

National Institute of Mental Health

Dates: 08/01/04 ~ 08/31/05

Hispanic Immigrants' Intentions to Seek Depression Care (R36 MH072172-01)

The purpose of this dissertation was to investigate how three cognitive processes (illness perceptions, attitudes toward depression care and subjective norms) influenced Hispanic immigrants' decisions to seek depression care.

Support: \$28,276

Role: Principal Investigator

National Institute of Mental Health**Dates:** 04/01/03 ~ 03/31/05**Hispanicity, Language, and Psychiatric Diagnosis (R21 MH65921-01A1; PI: Zayas)**

This exploratory study examined how ethnic and linguistic similarities and differences between clinicians and patients affect psychiatric diagnosis.

Support: \$200,000**Role:** Research Assistant**National Institute of Mental Health****Dates:** 08/01/95 - 06/30/05**Pre-doctoral Training Fellowship in Mental Health Services Research (T32 MH19960; PI: Proctor)**

The goal of this grant was to establish a pre-doctoral Mental Health Services Research Training Program that will train Ph.D. level researches who are knowledgeable about the prevalence of mental disorder, the history and trends in public and private service delivery, sources and patterns of funding and the design, measurement, and analysis issues in studying mental health services and their component treatment.

Role: Pre-Doctoral Fellow**National Institute of Drug Abuse****Dates:** 09/30/00 ~ 08/31/05**Latino Immigrant Survey in Primary Health Care: Service Use Pathways and Unmet Alcohol Abuse and Mental Health Needs (R24 DA13572; PI: Stiffman)**

This pilot project examined the mental health and alcohol abuse needs of Hispanic immigrants in primary care and their pathways to services.

Support: \$1,000**Role:** Pilot Project Co-Principal Investigator**National Institute of Mental Health (NIMH)****Dates:** 08/01/99 ~ 07/31/02**Service Transition Points: Bridges for Young Adults (R03 MH59108; PI: Polgar)**

This project researched inter-organizational bridges that promote institutional transitions between child and adult systems of care.

Role: Research Assistant**SOCIAL WORK PRACTICE EXPERIENCES**

1998 ~1999	Assistant Program Coordinator (Paid Position), Instituto Psicopedagógico de Puerto Rico, Bayamón P. R.
2000	Social Work Intern (Unpaid Position), Adult Intensive Care Psychiatric Unit, Barnes-Jewish Hospital, Psychiatric Services, St. Louis, MO.
2000 ~ 2002	Crisis Worker and Program Evaluator (Unpaid Position), Life Crisis, St. Louis MO.
2006 ~ 2009	Depression Diabetes Care Specialist , Multifaceted Depression Diabetes program for Hispanics (R01 MH68468; PI: Ell), University of Southern California, Los Angeles, CA
2010 ~ 2011	Problem-Solving Therapist , Interpersonal Therapy for Depression in Breast Cancer Project (R01CA133050-02; PI: Blanco), New York State Psychiatric Institute, New York, NY
